## Preface / Prologue

Copyright by Sabine Schulz 2016

Dear crochet friend,

You need to make this puppet the original pattern of lalylala designer:

Only this modification pattern is give for free by :

Sabses Sweeties Design - <https://sabsessweetiedesign.jimdo.com/>

This dont tell you how much stitches you need for start or rounds, because all of this informations in the original pattern of lalylala. Inside this modification you only find the rounds otherwise to make an elve ! I tell you where you change the color or how to make the ears and nose and so on. That's why you need the pattern of lalylala to make this !

You can do...(with the mod not with the original lalylala pattern!)

Give it to next person, make copies, give the mod as a gift, also as an LINK on your Homepage or BLOG (you only need to inform me about please and set a link to my page <https://sabsessweetiedesign.jimdo.com/>).

Other Languages ! PLEASE if you can translate it give me your translation ! I make it as original and give you back for free, dont translate it yourself and give it away without my knowledge. You get a "translated by" inside ☺

# SABSES SWEETIES

This pattern is my old standard (one of the firsts) so sorry for the bad pictures inside. I made that only for myself not for freeware pattern.

I dont work with any wool firm so I have no wool descriptions inside my patterns most time. Only needle hook size. If you take your wool look that the wool needle size higher then your needle you use. That's look tighter !

The size of puppet will be smaller if you use a smaller hook size and wool.

Hook size conversion table:

Metric (in mm)	U.S.	UK/Kanada
2.75	C/2	-
3.0	-	11
3.25	D/3	10

Start with the loop line in back of the puppet, we use the front white stitches of the white line at the body.

Make a starter loop and let it on your hook needle. Stitch through the first stitch from bottom to top.

Sling the wool 3 times around your finger begin from finger tip to hand!

Go over the yarn on the right side and through all 3 yarn slings on your finger

Sew the beard at the top black line of the body, mid position between the feet.

Sew the mustache over the beard, make shure the edges don't go one side up and one side down ! Sew it in one line !

## EYES:

If you dont use safety eyes sew it over the mustache in black wool. You can also sew black pearls or felt rounds on it. There 8 stitches free between the eyes.

As eye brows stitch a white wool line on the top. If you use pearls make a chain line for bigger eye brows and sew it over the pearls. It look better as a fine stitched line !

## POM POM: Wool color white

You can do it yourself with cardboard. You need two pieces of it. Draw a diameter outline 4cm on it and a hole line 14mm diameter inside. Cut outline and the hole out. Pile the two rings and turn around white Yarn. The Yarn must through the hole,

your hook can help you there. Is easier to use cutted Yarn ends! Open end on outline of the ring.

With a cutter or scissor you go around to cut the Yarn between the two cardboards.

Take a white yarn between the cardboards and knot it half. Then to move in together the Yarn and knot it finish again.

Take away the cardboards (how ? rupture them!) The long yarn end you need to sew the pom-pom on the body, so don't cut them! If the pom-pom is not round or there any yarn ends longer as the rest cut them a little round with a scissor. Knot the Pom pom on the top of the body. SANTA is ready now...
