„Fried egg“ washing brush – free pattern

Preface/Prologue

Copyright by Sabine Schulz 29.04.2018

Dear crochet friend,

Please read the rules at the end too !

This document, including all sub-sectors subject to copyright by Sabine Schulz, as the owner and author of the brand Sabses Sweeties Design. Purchasing a pattern does not remove the copyright protection from it, it gives you only the right to make items with this instructions ! Freeware patterns also !

If you need help in special acts like start loop or crochet at front loops, most will shown on my homepage in HELP – Part :

Sabses Sweeties Design

<https://sabsessweetiedesign.jimdo.com/>

Inside you find much pictures and photos ! Please refer that many of them in another color. Most of them in white wool color, because is best for make pictures, with dark or black wool I can´t show you what to do! In front of every part I tell you which color you need to use !

Ignore the photos color you see ! They only for an end control form or any description !

I use different wool sorts and firms so I give you the size I take only ! On the wool is a hook size advice, take a hook size number smaller like the number written on the wool, then the item will look tighter without holes. If you use other size the height of the item can be different like the size I get here !

SABSES SWEETIES

smaller Hook size = smaller height (US C/2), bigger hook size = greater height US D/3)

Hook size conversion table:

Metrisch (in mm)	U.S.	UK/Kanada
2.75	C/2	-
3.0	-	11
3.25	D/3	10

SABSES SWEETIES

Egg yolk:

1 piece in spiral rounds

Wool color: yellow

Hook needle size  2,5 or  3

Repeat the rounds 1 – 4 of the protein part, if you want a bigger diameter for your egg yolk make the round no. 5 too.

Turn the left side of egg yolk outside. (picture on left)

Close work and sew the right side of egg yolk on the right side of protein. Use the yellow yarn end for.

I use the more fringe yarn side for cleaning, so I sew the egg yolk on the other side. Both side can clean so is no matter

where you are sewing 😊.

I hope you have fun to crochet this and much more fun to clean with it...

Your Sabse
